**RE: Pueblo West and East Pits, Permits No. M-1977-573 and M-1986-015, Incomplete Application
for Transfer of Permit and Succession of Operators-SO-04**

Dear Mr. Lennberg,

Please consider our request to extend the application request by 45 additional days to allow CWPDA to complete its responses to the incompleteness notice for SO-4 as it relates to these projects. CWPDA would like to highlight the fact that CWPDA is in the process of procuring a 5-year Line/Letter of Credit (LOC) that CWPDA believes will be sufficient to cover the warranty requirements for both the Pueblo West and Pueblo East site locations.

Best Regards,

Daniel Tucker, PE
