Re: King II Mine
Pond Quarterly Inspection
4th Quarter 2021

Dear Ms. Binns,

An inspection of the pond at the King II mine was performed on December 7, 2021 for the 4th quarter of 2021. The pond contained a small amount of water near the outlet structures, but was otherwise dry. The pond embankment, in-slopes and spillway all appeared stable with no evidence of slumping, settling or excessive erosion. The pond embankments were well vegetated. All features appeared to be in place and functioning as designed.

Please call Jordan McCourt at (970) 385-4528 x 6531 if you have any questions or comments.

Sincerely,

Jordan McCourt
