RE: Arkansas Valley Slag (AVS), File # M-2021-058 , 112c Application Decision Date Extension

Mr. Slifka:

On January 7, 2022 I observed the AVS site from Hwy 24 and noted that there was several feet of snow cover over the affected area. Pursuant to Rule 3.2 (7) an inspection is required after the application is filed and prior to Board consideration. Pursuant to Rule 1.4.1 (7) the Division of Reclamation, Mining and Safety (Division) has extended the date for consideration of the above noted 112c permit application by 60 days due to the significant snow cover on the affected land preventing a necessary on-site inspection. The updated date for consideration of your application will be **March 17, 2022**.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

Dustin Czapla
