**Re: Extension Request No.1 Approval, SO-3 Incompleteness Due Date, Cedarwood Clay Mine,
Permit File No. M-1977-317**

Ms. Veek:

On February 4, 2022, the Division of Reclamation, Mining and Safety (Division) received your request, to extend the incompleteness due date for SO-3 to allow additional time to obtain the required authorization documentation and structure agreements for the Cedarwood Clay Mine, Permit File No. M-1977-317 from February 14 to April 15, 2022. **The Division hereby approves the extension request to April 15, 2022.**

The Division requests that you respond 5 business days before the due date to allow sufficient time to perform a thorough review of submitted materials.

If you need additional information or have any questions, please contact me by telephone at 303-866-3567 x8114, or by email at Patrick.Lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
