Hi Alex,

Thanks for the heads up. Per the revised review timeline section, we will now make a decision on the SO-04 application within 30 days of the completeness date, by March 5, 2022. Additionally, a site inspection will not be conducted prior to making the decision.

Sara will review the financial warranty once that comes in and let you know if anything else is needed. I did not see an affidavit of authority with the attached pdf (see attached form). Was that form included with the mailed copy? I believe it will be needed in order for Sara to approve the financial warranty.

Feel free to reach out with any questions.

Best Regards,
