Hello, Frank

Please see the attached report and let me know if you have questions or comments.

Take care,
Rob

Hello, Frank.

I should have followed up with you several weeks ago. Better late than never.

The first thing that I need from you is a request for an extension of the corrective action due dates for the two problems cited in my inspection report. I think that the end of April would be a good timeline, but let me know if you have another timeline in mind.

The subjects and required actions for the two problems are as follows:

- Records and the reclamation plan - submit a Technical Revision to revise the plan
- Topsoil - seed the stockpiles with the approved seed mix and provide proof of this activity.

I have attached my inspection report from last fall. Thanks for your attention to this.

Take care,
Rob

Good morning.

Can you please request an extension of the deadlines for these corrective actions? The new date is somewhat up to your schedule, but perhaps mid to late April 2022 would be a good time frame.

Thanks,
Rob

Rob sorry some how my email was blocking your emails. I will try to fix the problems by the end of April . Thanks for calling If you had not I would not known about your emails not coming in.

Thanks,
Frank

No problem, Frank. Always a good idea to follow up on emails, I guess.

I will extend the corrective action dates to May 3rd, to avoid the weekend.

Take care,
Rob
