 - e. Request for a release of Permit Number M-2018-011 once suitable growth has taken place. Fall 2022/ Spring 2023

Dryland Pasture Mix

A premium mixture of introduced cool-season grasses for the Great Plains states and the Intermountain region. This mix is made up of drought-tolerant, dryland forage grasses that are excellent for moderate spring grazing and fall pastures. It works well for weed control and soil stabilization in erosion control areas. Our best selling mix!
