RE: NOI Application Denial Notice, Donna Juanita Exploration, DRMS File No. P-2022-003

Mr. Carter,

The Division of Reclamation, Mining and Safety (Division/DRMS/Office) received your Notice of Intent to Conduct Prospecting Operations Application (NOI) on February 4, 2022. Pursuant to Rule 5.1.1(2), after review of the NOI application the Division determined the activities proposed in the NOI are mining rather than prospecting. As a result of this determination, you will need to file and receive approval for the appropriate Reclamation Permit application in order to proceed with your proposed activities. Please contact the Division to discuss the different types of Reclamation Permits to determine which one is best suited for your proposed activities.

Therefore, on March 4, 2022, the Division denied the Notice of Intent to Conduct Prospecting Operations Application. Any appeal of this determination shall follow the procedures set forth in Rule 1.4.11.

If you have any questions, please contact me at peter.hays@state.co.us or (303) 866-3567 Ext. 8124.

Sincerely,

Peter S. Hays
Environmental Protection Specialist

Ec: Jared Ebert; Division of Reclamation, Mining & Safety
