

ROCK DOG #1 PIT

FILE # M-2005-045

Currently affected area remains at 25 acres. No additional acreage was affected in reporting year 2021-2022 and no areas were reclaimed. Approximately 2 acres are tentatively planned to be affected in 2022.

Weed Control in reporting year 2021-2022: Due to extreme drought conditions, no formal weed treatment was required. The site will be reevaluated in the Spring of 2022.
