RE: Dunn Pit 112 Application, M2021-059
Adequacy Review Response

Dear Peter,

Regarding the above referenced application for the Dunn Pit, M2021-059, Regular 112 Permit; Loveland Ready-Mix Concrete, Inc. respectfully requests for another 30 day extension of the decision date. We are requesting this extension to insure we properly respond to the final adequacy review comments and to insure that you have time to review and comment.

If you have any questions regarding this request or require additional information, please advise.

Thank you,

Stephanie Fancher-English
