Re: Bowie No. 2 Mine (Permit No. C-1996-083), RN-05 Adequacy Review

Dear Mr. Bear:

The Division has reviewed the responses of Stover & Associates (letter dated March 21, 2022) to the Division's Preliminary Adequacy Review (PAR).

Regarding the eight adequacy items in our PAR (November 24, 2021), the Division has identified no items that require an additional submittal or clarification.

Regarding the Reclamation Cost Estimate for the Bowie No. 2 Mine, the Division will respond to the extensive comments that BRL provided. This will be done through additional correspondence.

Sincerely,

Robert D. Zuber, P.E.
Environmental Protection Specialist
