Hi Dustin,

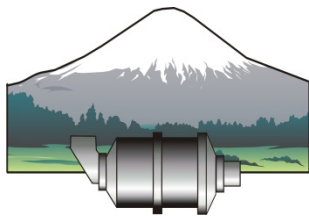

Please see attached CJK's extension request for M2021-058, Arkansas Valley Slag permit application.

Cheers,  
Nick

**RE: M2021-058 | Extension Request - 112(c) Arkansas Valley Slag Project**

Dear Dustin,

On behalf of CJK Milling Company LLC, we respectfully request an extension of no more than 20 business days in order to address the following gaps in our application.

- Site Inspection. CDRMS site inspection to be scheduled as soon as practical after snow melt. CJK will inform the Division of snow conditions at the site.
- Leadville Sanitation Engineering (LS) Report. The engineering report addressing LS's concerns is nearly complete. This will be issued to the Division and LS in the few days.
- Site Entrance. As we have discussed, CDOT has requested we locate our entrance driveway directly across from County Road 23 on US Highway 24. These drawings and description are being prepared in a TR and will be provided to the Division in the next few days.

Please contact me at 303-947-3499 or [nmichael@unionmilling.com](mailto:nmichael@unionmilling.com) if I can be of assistance.

Sincerely,  
For
