Operations continued at Hindmarsh Sandstone quarry during this past year. A new disturbance was performed in the fall of 2021 during these past twelve months. The disturbance was .27 of an acre, adjusting the total disturbed area to 7.37 acres.

Rip Rap sorting continues in the North quarry, as well as stockpiling and dispensing in same "Stockpiling and Dispensing" area.

No reclamation has been performed during the past year. A general clean up of the quarry is continually performed. No official reclamation is expected for the up-coming year.

The annual fee payment for the YR-2022 of \$791.00 is enclosed.

RESPECTFULLY SUBMITTED,
William K. Goode, Manager
