Re: Burton Farms LLLP, File No. M-2022-012 (HC#81283)

Dear Mr. Wein:

We received your letter dated March 30, 2022 initiating consultation with our office on the subject action pursuant to the Colorado State Register Act – Colorado Revised Statute (CRS) 24-80.1 et. seq.

A search of our database indicates one historic canal, the Rio Grande Canal (Del Norte Canal) (5RN.63), is located within or adjacent to the permit area. This property was determined officially eligible for listing on the National Register of Historic Places in February of 2001. As there are no properties of historical significance included or nominated for inclusion in the state register within the proposed permit area, a finding of no adverse effect is appropriate.

As most of Colorado has not been inventoried for cultural resources, our files contain incomplete information. Consequently there is the possibility that as yet unidentified cultural resources exist within the proposed permit area. The requirements under CRS 24-80 part 13 apply and must be followed if human remains are discovered during ground disturbing activities.

We thank you for the opportunity to comment. If we may be of further assistance, please contact Holly McKee-Huth, Cultural Resource Information/Section 106 Compliance at (303) 866-4670/[holly.mckee@state.co.us](mailto:holly.mckee@state.co.us).

Sincerely,

Dawn DiPrince  
State Historic Preservation Officer
