Re: B&G Stone, Permit M-1987-092, Corrective Actions from February 2022 Inspection

Dear Mr. Vasquez:

During my inspection in February, I identified two problems that require corrective actions by Blue Mountain Stone: improper impoundment of water and a discrepancy related to the permit boundary. I am extending the decision due date for these actions to July 1, 2022.

If you have any questions, please contact me at rob.zuber@state.co.us or (720) 601-2276.

Thank you,
