Re: King II Mine  
Pond Quarterly Inspection  
1st Quarter 2022

Dear Ms. Binns,

An inspection of the pond at the King II mine was performed on February 22, 2022 for the 1st quarter of 2022. The pond well vegetated and snow covered. No standing water was observed. The pond embankment, in-slopes and spillway all appeared stable with no evidence of slumping, settling or excessive erosion. The pond embankments were well vegetated. All features appeared to be in place and functioning as designed.

Please call Jordan McCourt at (970) 385-4528 x 6531 if you have any questions or comments.

Sincerely,

Jordan McCourt
