Surety Release Request Application (SL-1)**

Dear Mr. Rife:

On April 28, 2022 the Division of Reclamation, Mining and Safety considered your request for a reclamation liability release. The Division found that reclamation had not been accomplished at this site and denied this request. A topsoil stockpile was removed and placed on the adjacent slope. As a result, additional grading and seeding are required. Please review the April 20, 2022 inspection report for the specific reasons for the financial warranty release denial.

In accordance with Rule 1.4.11, any person who can demonstrate that they are directly and adversely affected or aggrieved by an action of the Office, may petition for a hearing before the Board on such action within thirty (30) days of the date of the Office decision, if the decision was a denial, without a hearing. Such petitions for a hearing shall state how the petitioner is directly and adversely affected or aggrieved by the Office's decision, and how the petitioner's interests are entitled to protection under the Act. The petitioner shall list and explain any issue the petitioner believes should be considered by the Board at the hearing on the matter. The petition for a hearing shall specify the application or file number assigned by the Office.

If you have any questions, please contact me by telephone at (303) 823-5229, or by email at Tim.cazier@state.co.us.
