RE: M-1998-105 – Delta Paving Pit – Extension in order to get boundary markers placed.

RE: M-1979-166 – Bennet's Gravel Pit – Corrective Action - boundary stakes placed.

Dear Rob Zuber -

I would like to ask for an extension in order to get the Delta Paving Pit clearly staked. We believe we can have this done by May 23rd, 2022.

I have attached the Bennett pit photos of the boundary markers that have been placed.

Please feel free to contact me with any questions or concerns that you may have.

Best regards.

Jim
