Re: Varra Operations – Change of Permittee and Need for SO Applications

Dear Sirs:

The Division of Reclamation, Mining and Safety received a letter on May 2, 2022 suggesting that Raptor Materials LLC will be the new name of the operator of Varra sites with mining permits in Colorado.

A phone conversation between Garrett Varra and myself revealed that this only impacts the following sites:

- Kurtz Resource Recovery and Land Development Project, M-1999-006
- Parcel 112 – Resource Development Project, M-2015-033
- Two Rivers Sand, Gravel, and Reservoir Project , M-2022-013.

By June 8, 2022, please submit Succession of Operator applications (SOs) for each of these three sites.

If you have any questions, please contact me at rob.zuber@state.co.us or (720) 601-2276.

Sincerely,

Robert D. Zuber
Environmental Protection Specialist
