**RE: Two Rivers Sand, Gravel and Reservoir Project (Permit M-2022-013)
Succession of Operator No. 1 (SO-01), Incomplete Application**

Dear Mr. Varra:

On May 10, 2022, the Division of Reclamation, Mining and Safety received the SO-01 application for the Two Rivers Sand, Gravel and Reservoir Project (Permit M-2022-013). Preliminary review of the information received determined that the following must be received before the Division can consider your application complete.

The first page of the application must be re-submitted because the permit number is incorrect. The correct number is M-2022-013. The application has the number M2013-013.

Your SO-02 application will not be considered submitted/filed until the information listed above is received and found sufficient to begin the review. You have thirty (30) days from the date of this letter to submit all necessary documents that the DRMS needs for an application to be considered filed. If, at the end of the thirty day period, the application has not been determined to be filed with the DRMS, the DRMS may deny the application and terminate the application file.

The response to this Incompleteness Notice is due on or before **June 11, 2022**.

Once the application has been deemed complete, a decision date will be established 30 days from the date of receipt and acceptance of all the requested information (Rule 1.12.1(2)).

This letter shall not be interpreted to mean that there are no other completeness issues or technical deficiencies in your application. The DRMS will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me at (720) 601-2276 or rob.zuber@state.co.us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rob D. Zuber".

Rob Zuber, P.E.
