Good Morning,

The Division of Reclamation, Mining and Safety (Division) received a complaint, please see attached, regarding the Cross Gold Mine possibly affecting the City of Boulder water quality. At this time the Division does not believe the mine is responsible for the ailments being experienced by the complainant. The Division is in the process of responding to the complaint.

The Division wanted to make all aware of the complaint for possible future reference.

Please let me know if you have any questions.

Thank you,  
Patrick
