Hello Joel and Ben.

Attached is the final surety release paperwork for the Hatchery Pit. The Division did not receive any comments or objections during the 30-day appeal period.

As noted in the letter, your next step is to provide a rider to the current Financial Warranty, or submit a new Financial Warranty reflecting this reduction. If you wish to submit a different type of Financial Warranty, please contact our office for the applicable form.

Kind regards,

--

Surety Reduction Request Application (SR-1)**

Dear Ben Frei:

On April 14, 2022 the Division of Reclamation, Mining and Safety concluded its review of the Surety Reduction Request application submitted to the Division on March 8, 2022, addressing the following:

Surety reduction request to account for the completion of a slurry wall, compacted clay liner and French drain.

The decision reached by the Division is: Approve.

This is a reduction of (\$706,100.00). This decision reduces the amount of the financial warranty, and does not approve any release of reclamation responsibility for the tasks associated with this request.

Please provide a rider to the current Financial Warranty, or submit a new Financial Warranty reflecting this reduction. If you wish to submit a different type of Financial Warranty, please contact our office for the applicable form.
