RE: Preliminary Adequacy Review; Technical Revision (TR-1); Pueblo County Aggregate Project (PCAP), Permit No. M-2016-009

Dear Ms. Schreiber,

On May 26, 2022, the Division of Reclamation, Mining and Safety (Division/DRMS) received a request for Technical Revision (TR-1) to change the order of mining phases at the PCAP site, Permit No. M-2016-009. Please be advised that on June 27, 2022, the application for TR-1 may be deemed inadequate and denied unless the following adequacy items are addressed to the Division's satisfaction. Subsequent to receipt and review of the Operator's response to these items. Please respond to the adequacy items with a letter summarizing each response, to the numbered items below, in a cover letter titled "Preliminary Adequacy Review Response TR-1, M-2016-009".

1. Please clearly indicate the new order of the phases to be mined from first to last.
2. Please clarify if any processing will be taking place at the site as indicated on the map.
3. The technical revision was initiated because of a complaint received by the Division. Please provide a current map of the area that depicts where mining has occurred to date. Additionally, please state when mining activities began.
4. Does the Operator plan on keeping the same haul alignments as depicted on the map?

This concludes the Division's preliminary adequacy review of your application. The Division reserves the right to further supplement this document with additional adequacy items and/or details as necessary.

The decision date for your application is set for June 27, 2022. However, please allow the Division sufficient time to complete its review by submitting your response no later than five (5) working days prior to the decision date. If additional time is needed to respond, an extension request must be received by our Office by the decision date. If on the decision date, outstanding adequacy items remain, and no extension request has been received, your revision may be denied and the file terminated.
