Dear Mrs. Cocina:

On April 27, 2022 the Division inspected the above mentioned site. Staff felt that the site complied with the requirements of the Act, Rules and Regulations, and the approved Reclamation Plan. The operator was encouraged to submit an surety release reuest. On May 31, 2022 the Division received the request form the operator.

The request was to release/terminate the entire 8.10 acre permit. The Division has approved this request. Per our memo of understanding prior to sending out approval notifications the Division needs a letter of concurrence from the Bureau of Land Management. Please submit a letter by Tuesday, June 21, 2022. If no comments are received then the Division will consider the request approved and notify the operator.
