Hi Mr. ZUBER,

I am opposed and NOT in favor of the sand and gravel mining and processing plant that is being proposed in Weld County along the Big Thompson River. Located at 54th St. Road and CR396. This area is directly across from the Dos Rios neighborhood and immediately next to the Big Thompson River. There are bald eagle nests on the proposed land and a conservation area next to the proposed project.

We need to protect our wildlife, families and the neighborhood. The significant impact of noise, dust, dirt, large trucks on the residential roads and disruption to wildlife would be devastating.

The notices posted in the area contain the wrong name of the business, Verra Companies, Inc is not the company who applied for the permits. The company is Raptor Mining, under the name Two Rivers Sand, Gravel and Reservoir Project.

Thanks,

Dominique Edgerly

Resident

Good morning.

Thank you for your interest in the Two Rivers Project. Please see my attached letter.

Rob
