Connor – we still anticipate submitting the adequacy review responses by next Friday. That being said, I realize we will need to ask for another extension to allow you time to review the response.

Hi Bill,

I am just checking to see how addressing the adequacy items is going and to ask if you need to request for an extension past June 17, 2022?

Best regards,

Hi Bill,

The Division grants your extension request. The new decision date for the Carr Pit East site is June 17, 2022. Please submit your responses to the adequacy items to the Division before June 17, 2022 so that the Division has time to review your responses before the decision date.

I look forward to speaking with you.

Best regards,

Conner – I received your voicemail today. Thank you for the reminder. Please find our decision date extension request attached. I got back from trip a couple weeks ago, but it's been slow catching up on projects. I have had a chance to meet with Kevin at Connell Resources and we are putting together the Adequacy Response, but we will need more time. I have a few questions and will try to give you a call this week.

**Re: Connell Resources, Inc.; Carr Pit East (Permit No. M-2022-005)
112 Construction Materials Reclamation Permit Application Package Second
Decision Date Extension Request Approval**

Mr. Schenderlein:

The Division of Reclamation, Mining and Safety (Division/DRMS) received and approved the second extension request to the decision date for the Carr Pit East application.

The new decision date is July 18, 2022.

The Division requests the response to the adequacy items be submitted with ample time before the decision due date for the Division to review the response and reply as necessary. If you have any questions, please contact me at connor.drinkard@state.co.us or (720) 836-0967.

Sincerely,

Connor J. Drinkard,
