Jared,

I apologize that is my mistake from all the back and forth. But, the disturbed and affected area is 6.4 acres for this revision.

Thanks,

Nick

Hello Nick,

Quick question for you, the revised application indicates a change in affected and disturbed area of 4.9 acres for the haul road. However, in response to incompleteness item #1, the letter indicated the disturbed area represents 6.4 acres of road. So I wanted to be clear, are we increasing the affected and disturbed area by 4.9 acres or 6.4 acres?

Thank you,

Jared
