

Hubbs Pit
M1987088
Permit Boundary

This is an aerial photograph of a large, irregularly shaped pit or excavation site. The pit is filled with light-colored, sandy or silty material. A cyan line outlines the permit boundary, which follows the edges of the pit. A green line outlines specific areas within the pit, labeled as 'Areas Seeded'. The surrounding landscape is a mix of dry, brownish ground and patches of green vegetation. A road or path runs along the top edge of the pit, and a small body of water is visible on the left side. The overall scene suggests a construction or land reclamation project in a rural or undeveloped area.

Areas Seeded
