Re: M-1977-251 Lariat Mine, Jefferson County, Colorado  
Noxious Weed Spraying Corrective Action

Dear Mr. Scott:

On November 10, 2021 the Colorado Division of Reclamation, Mining, and Safety (DRMS) inspected the Lariat Mine. The DRMS cited the following issue:

*"There are state-listed noxious weeds (knapweed) present on site. This is a problem for failure to employ weed control methods for state listed noxious weed species within the permitted area, and to reduce the spread of weeds to nearby areas as required by Section 3.1.10 (6) of the rule."*

General Shale Brick, Inc. (GSB) has contracted with Falcon Weed Control to spray the Lariat Mine for weeds. The weed spraying occurred on June 30, 2022 and Falcon Weed Control sprayed ~28 acres. Enclosed is an invoice for the weed spraying from Falcon Weed Control as evidence that the spraying occurred.

Please feel free to contact me with any questions at 303-783-3058 or by email at [jason.mcgraw@generalshale.com](mailto:jason.mcgraw@generalshale.com).

Sincerely,  
General Shale Brick, Inc.

A handwritten signature in blue ink that reads "Jason E. McGraw".

Jason E. McGraw, P.E.  
Mine Supervisor
