2021 Annual Reclamation Report Review**

Dear Ms. Kawcak:

The Colorado Division of Reclamation, Mining, and Safety (Division) has reviewed the 2021 Annual Reclamation Reports (ARR) for the Hayden Gulch Loadout (HGL) for compliance with Rule 2.04.13. Below is a discussion of the Division's review. Bolded items are issues that the Division requests HGL to respond to.

On the ARR form, "Last Year's Cumulative Total" columns need to have the values entered from the previous year's ARR.

Rule 2.04.13

- (1) The reports were received by the Division on February 9th 2022 . The deadline each year is February 15th.
 - a. The name and address of the permittee and permit number is listed on the cover letter of the ARRs and the ARR forms submitted.
 - b. The cover letter indicates HGL disturbed 0 additional acres in 2021. The total disturbed acres is 202.1 Non- permanent acres (159.6), acres backfilled (42.5), and acres added (0) add up to the total disturbance 202.1 acres.
 - c. The report indicates that no backfilling and grading activities were conducted in 2021.
 - d. The report indicates that no topsoil was applied in 2021.
 - e. The report indicates that 2.3 acres were seeded in 2021.
- (2) HGL indicated they conducted weed control spraying in June and September in 2021.
