Subject: Two Rivers Sand, Gravel and Reservoir Project, File No. M-2022-
 013, 112c Permit Application – Continuance Request.

To provide additional time to respond your Adequacy Correspondence of 24 June 2022, the Operator requests a 60 Day Continuance from the 17 July 2022 Decision Date.

Please confirm the new Decision Date. To our understanding, where a due date falls on a weekend, the next working day is considered the date due.

Please Note: In consideration of a stated pending addendum to the Division's Adequacy concerns, and considering the length, and in places the novelty of some of the considerations, additional extensions to the Decision Date may be necessary as time unfolds.

Thank-you for your kind and professional assistance.
