**Re: White Wolf Construction Borrow Pit, DRMS Permit No. M-2018-029,
Notice of Surety Increase (SI1) 60-Day Extension**

Mr. Montoya,

On April 20, 2022, the Colorado Division of Reclamation, Mining and Safety (Division/DRMS) increased the current Financial Warranty required for this permit to \$ 3,628.00, in accordance with Rule 4.2.1 of the Rules and Regulations. This is an increase of \$1,128.00 from the currently held \$2,500.00. Please see the February 23, 2022 inspection report for details regarding why this surety increase is required. The Division ordered amendment of the current Financial Warranty, or submittal of a new Financial Warranty reflecting this increase due by June 20, 2022.

The Division extended the due date for the submittal of the amended or a new Financial Warranty by 60-days until September 9, 2022.
