Revision 03, Request for Response Deadline Extension**

Dear Mr. Cazier:

On June 22, DRMS submitted its preliminary adequacy review of the TR-03 application for GCC Rio Grande Inc.'s (GCC) Salt Canyon Project. The original extension deadline to address DRMS's comments was set for July 30, 2022. GCC has not yet received a final revised blasting plan from its contractor, therefore, we are requesting the deadline to be extended to August 12, 2022.
