RE: Request for extension of consideration time for 45 days from today
Fountain Pit Permit M-1982-155
Technical Revision #3

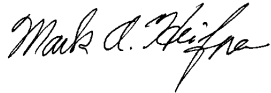

Dear Mr. Cazier,

Thank you for the Preliminary Adequacy Review and Letter (PAR). As stated in that letter, yesterday we agreed to providing a 45 day extension for completion of gathering the information requested in the PAR. That much time may not be needed if things go as expected, but, in our opinion, it is better to finish earlier than request another extension.

Therefore, on behalf of Schmidt Construction, I hereby request a 45 day extension of consideration of this revision.

Respectfully submitted,

Mark A. Heifner
