

## COLORADO

Division of Reclamation,  
Mining and Safety

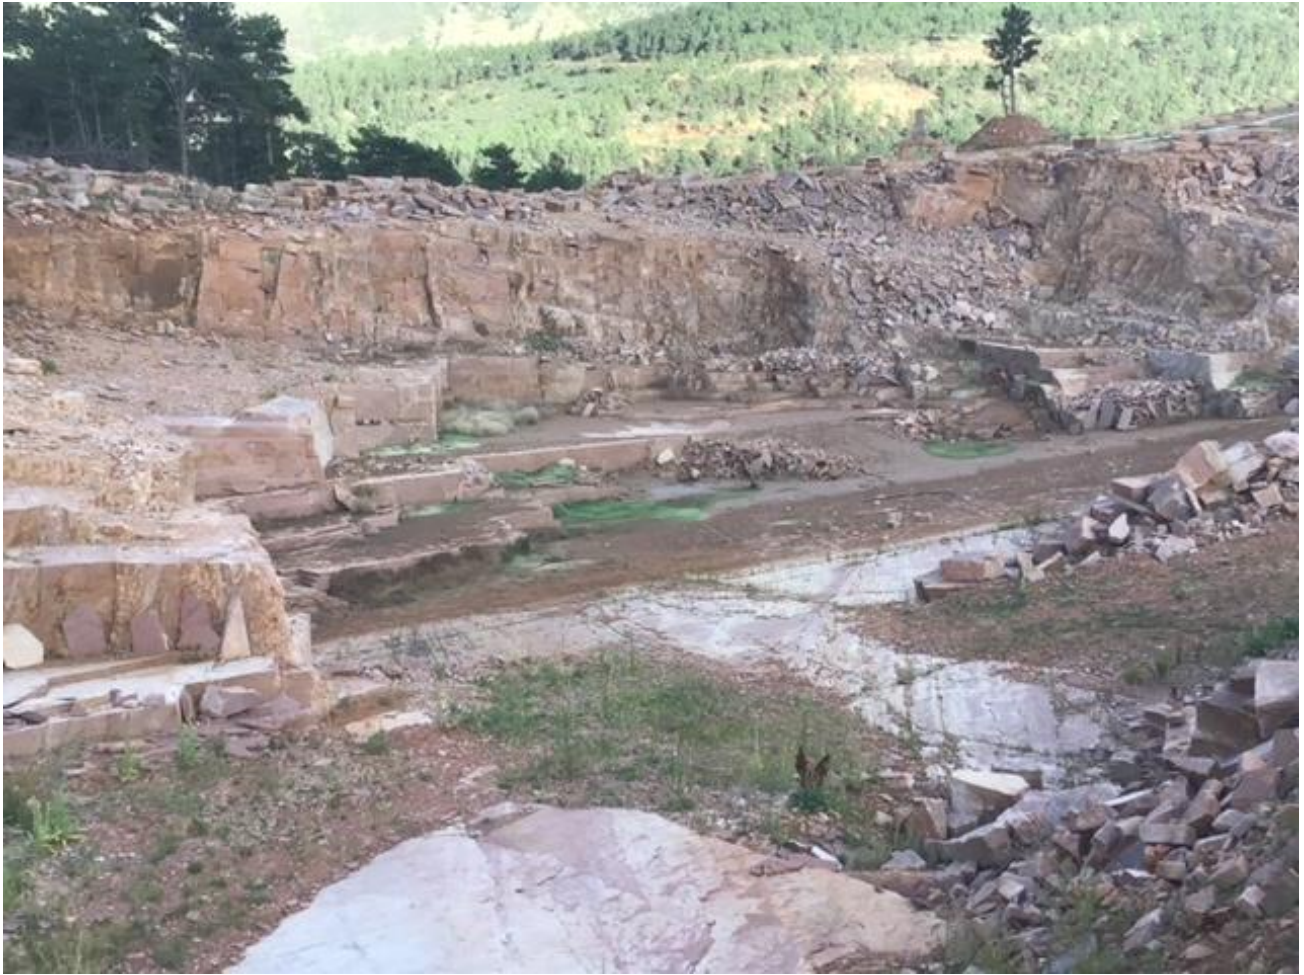

Department of Natural Resources

### Interoffice Memorandum

Date: August 3, 2022  
From: Rob Zuber ***RDZ***  
To: M-1987-092 File  
  
Subject: **B&G Stone (Permit No. M-1987-092)**  
**Corrective action related to retained water**

The Division's report from an inspection conducted on February 15, 2022 noted a problem for retained water without approval from the Division of Water Resources. The following photograph and letter from Raul Vasquez were sent via email on August 3, 2022. The photograph shows that the pit is empty of water, and the letter states a commitment to continue to keep the pit dry.

# Blue Mountain Stone, INC.

To Whom It May Concern,

This letter is to inform you that I have completed the two corrective actions from the inspection done earlier this year. This is in reference to B&G Stone M-1987-092. In the future I plan to pump all water and snow melt from the pit as needed. Thank you and if you have any questions, please give us a call.

Thanks,

Raul Vasquez
