Re: Permit No. M-1980-244; Cripple Creek & Victor Gold Mining Company ("CC&V"); Cresson Project – Notification of Water Quality Analysis Parameter Exceedance August 17, 2022

Dear Mr. Lennberg,

In accordance with Rule 3, Section 3.1.7 (9) of the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for Hard Rock, Metal, and Designated Mining Operations (Rules), the Cripple Creek and Victor Gold Mining Company (CC&V) hereby provides the Division of Reclamation, Mining, and Safety (Division) with a formal notification of water quality parameter exceedances.

CC&V collected third quarter compliance groundwater samples from monitoring wells CRMW-3A and CRMW-3C on July 27, 2022. Upon review of received analytical reports, CC&V determined monitoring wells CRMW-3A and CRMW-3C exceeded established numeric protection limits and the table value standard for fluoride, and exceeded the table value standards for sulfate. The table below lists these exceedances by the location and the associated parameter. The attached graphs demonstrate the parameter trend for the collected data.

Location	Sample Date	Parameter	Value (mg/L)	NPL (mg/L)	Table Value Standard (mg/L)
CRMW-3A	7-27-2022	Fluoride	3.92	2	2
CRMW-3C	7-27-2022	Fluoride	3.27	2	2
CRMW-3A	7-27-2022	Sulfate	774	---	250
CRMW-3C	7-27-2022	Sulfate	768	---	250

Should you require further information please do not hesitate to contact Ronald Parratt at 719.689.4019 or ronald.parratt@newmont.com or myself at 719.851.4048 or katie.blake@newmont.com

Sincerely,

DocuSigned by:
