

## Interoffice Memorandum

To: Peter Hays  
From: Rob Zuber *RZ*  
Cc: Jared Ebert and Michael Cunningham  
Date: August 23, 2022  
Subject: Delta Paving Gravel Pit, AM-01 Application (M-1998-105),  
Request for assistance with geotechnical review

I am performing the adequacy review for this amendment.

I am requesting your assistance with the geotechnical portion of the application. Please let me know if you have the time to do this. If so, please focus on the Geotechnical Stability Exhibit, which is only one page, near the end of the application (page 123 out of 125).

I would like to complete my preliminary adequacy by September 1, 2022, so please submit a memorandum to me by then, if possible. If you need more time, please let me know. Also, do not hesitate to contact me with questions about the application. If necessary, I can put you in contact with the applicant or his consultant.
