Good afternoon Rob,

We understand and want to be considerate of your and the rest of the staff's time in the review of our reply. We think you'll find the majority of the reply was simple clarification of content already resident in the permit application. We trust the balance of the review will focus upon remaining matters of substance and believe you will find those matters fully clarified or supported in the reply, and request the time be limited to matters at hand.

In consideration of the needs of your Office, we respectfully concur with your request for a continuance of the Decision Date to Friday 4 November 2022. We trust you will find the reply settles the Division's concerns and stand ready to address any interim need for clarification or assistance. I would like to reinforce that time is of the essence on our end. Anything we can do to better enable or facilitate your review of the response in an effort to beat Nov 4th-- we are prepared to do it, just let us know how we can help.

Thank you, I hope you have a nice afternoon.

Garrett Varra
