Re: Korwell Land Holdings, LLC, Korwell Dirt, File No. M-2022-034, Third Incomplete Submittal of 112 Construction Materials Reclamation Permit Application Package

Mr. Rasmuson,

On September 26, 2022, the Division of Reclamation, Mining and Safety (Division/DRMS/Office) received the second incompleteness response for the 112 Construction Materials Reclamation Permit Application package for the Korwell Dirt site, File No. M-2022-034. Review of the information received determined the following items must be received before the Division can consider the application as being submitted and technical review can begin:

Application Form

1. The Division requires the application form list the exact company name registered with the Colorado Secretary of State office, "Korwell Land Holdings, LLC". On Page 8, the Applicant lists the company name in the notary section of the application form as "Korwell Land Holdings". Please revise the company name in the notary section of the application form to indicate "Korwell Land Holdings, LLC".

6.4.18 Exhibit R - Proof of Filing with County Clerk and Recorder

2. Please provide an affidavit or receipt indicating the date on which the revised application document(s) were placed with the Weld County Clerk and Recorder in response to this letter.

The Applicant submitted a copy of the original application form, instead of the corrected form submitted on September 2, 2022. Please utilize the September 2, 2022 version of the application form in response to this letter.

The application will not be considered submitted until the information listed above is received and found sufficient to begin our review. A decision date will be established 90 days from the date of receipt of all of the requested information. Additionally, if you have already published notice you will need to republish notice, after the Division considers the application submitted. This notice must be published once a week for four (4) consecutive weeks, starting

within ten (10) days of the date your application is considered submitted. We will notify you when you should initiate republication of your notice. The final date for receiving comments is the twentieth (20th) day after the fourth publication or the next regular business day.

You have sixty (60) days from the date of the first incompleteness letter to submit all necessary documents the Office needs for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be filed with the Office, the Office shall deny the application and terminate the application file.

The response due date is October 10, 2022.

This letter shall not be construed to mean there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me at peter.hays@state.co.us or (303) 866-3567 Ext. 8124.

Sincerely,

Peter S. Hays
Environmental Protection Specialist
