RE: Revenue Mine, Permit No. M-2012-032, Notice of Temporary Cessation, TC-1, Notice of Incompleteness

Dear Ms. Staub:

On Monday August 22, 2022 the Division of Reclamation, Mining and Safety (Division) received your Notice of Temporary Cessation, TC-1. A subsequent inspection to verify the condition of the site was completed on August 25, 2022. During the inspection it was noted that minor cleanup and distribution of tailings had not been fully completed as of the date of the inspection. Therefore, your request Notice of Temporary Cessation, TC-1 has been deemed incomplete as the ground conditions did not meet previous commitments made. Please provide the Division with photo documentation as to the completion of the minor cleanup and tailings distribution on or before Friday September 30, 2022. Once this documentation is received your notice will be considered complete for the purposes of filing.
