RE: Notice of Application for a Mined Land Reclamation Permit (M-2022-042)

To Whom It May Concern:

Enclosed is a revised application form for the Windsor East Mine Application that was delivered to you on September 22, 2022. On page 2 of the application form, we had inadvertently left in a Latitude/Longitude in degrees, minutes, seconds from a previous permit application at a different location. The copy of this revised application form and additions to Exhibit N are being delivered to you pursuant to 34-32.5-112(9)(a), C.R.S., as amended. These revised and additional pages should be made available for public review along with the application that was delivered on September 23, 2022 until the permit has been approved by the Division of Reclamation, Mining and Safety.

Please acknowledge receipt of this copy of the application form by signing below. We need proof of delivery to the Division of Reclamation, Mining and Safety.

Sincerely,
