**Re: Martin Marietta Materials, Inc., Greeley 35th Ave Pit, Permit No. M-1977-036,
Groundwater Monitoring Data Corrective Action**

Ms. Mikulas,

On August 15, 2022, the Division of Reclamation, Mining and Safety (Division/DRMS) received the monthly groundwater elevation data with the 2022 Annual Report for the Greeley 35th Ave Pit.

The monitoring well data from MW-1 and MW-2 was not received with the annual report. The submittal indicated MW-1 and MW-2 were damaged on or prior to January 21, 2019 and July 19, 2019, respectively.

The Division will require the Operator to re-install the damaged monitoring wells and reinstitute monthly groundwater monitoring by January 13, 2023.
