**RE: Goose Haven Reservoirs (Permit No. M-2010-071)
Amendment No. 2 (AM2)
Decision Due Date and Request for Board Hearing**

Dear Mr. Wayland:

The decision date for AM2 is today, October 10, 2022. After a preliminary review of the materials submitted on October 5, 2022, the Division has determined there are still outstanding adequacy issues that need to be resolved.

AM2 is under a Board order and all materials needed to be in approvable form within the statutory deadline of 365 days from when the application was filed (Rule 1.4.1(9)). The AM2 application was filed on October 11, 2021 and needed to be approved by October 10, 2022. Additional review time is needed beyond the October 10, 2022 deadline; therefore, the matter will be scheduled for the December Board hearing (Rule 1.4.1(9)).

The Division will continue its review of the submitted materials and will reply with additional adequacy questions soon, with the intention of getting all materials in approvable form before the December Board meeting.

If you have any questions, please contact me at (720) 774-0040 or brock.bowles@state.co.us.

Sincerely,

Brock Bowles
Environmental Protection Specialist
