To: "Scott - DNR, Eric" <eric.scott@state.co.us>

Scott:: I had Rex take photos of the water truck watering at the backfill site as well as where they had watered on the access roads to and from the backfill site. You will see in one photo the dust this morning before adding water.

You can see water spraying from the back of the truck in a couple of the photos. The water truck has been on location all day doing this as needed.

Should you need anything else, contact me.

Sharon Hiner
