Re: File # M-2022-013
Varra Companies, Inc.
Two Rivers Sand, Gravel and Reservoir Project
Notice To Adjacent Surface Owner of Record

Dear Mr. Zuber:

In reference to the Two Rivers Sand, Gravel and Reservoir Project covering Varra Companies' (the "Applicant") proposed Regular Impact (112) Construction Materials Operation Reclamation Permit Application ("Application") covering the captioned lands shown on Applicant's Exhibit C-1: Existing Conditions Map ("Property"), PDC Energy, Inc., as an owner of existing oil and gas development structures within the Property and oil and gas leasehold interests on the Property, has interest in maintaining the current surface conditions of the Property to avoid damage and/or loss of access to our infrastructure within or interference with our ability to develop and/or produce from our oil and gas leasehold interests. At this time the Applicant has successfully demonstrated measures, built into their project, that adequately protect our infrastructure and operations on the property.

PDC respectfully requests that the Colorado Division of Reclamation, Mining and Safety withdraw our objection to this project and that the withdrawal be entered into the record for the proposed Application. If you have any questions, please feel free to contact the undersigned at (970)506-9272.

Sincerely,

PDC Energy, Inc.

A handwritten signature in blue ink, appearing to read "PMua".
