Re: North Road Pit, Permit M-2014-009, Corrective actions extension

Dear Mr. McCracken:

During my inspection in July 2022, I identified two problems that require corrective actions. Regarding both (the update of the reclamation plan and control of noxious weeds), the Division is extending the decision due date to January 1, 2023.

If you have any questions, please contact me at Rob.Zuber@state.co.us or by calling (720) 601-2276.

Thank you,

Robert D. Zuber, P.E.
