Gabe,

I am on vacation and will be back in office next Tuesday. My Detail for this position ends in December, so you will most likely have a new geologist by then. I will make sure it gets passed on to them when I go back to my permanent position.

Thank you

Bryan

Good afternoon, Bryan,

Please find attached the NOI application for the Stateline Exploratory Drilling Program, submitted by Big Rock Exploration LLC on behalf of our client, Alianza Minerals Ltd.

Per earlier conversations with BLM (James Blair), the format of this document is the DRMS NOI and is identical to that which is submitted to the DRMS (via Lucas West).

I am happy to review any project details with you or answer any questions or concerns you may have on the proposed project. Please do not hesitate to reach out, and I look forward to working with you in the near future.
