Surety Reduction Request (SR-1)
Bond reduction request.

Dear Robert Daugherty:

On November 14, 2022 the Division of Reclamation, Mining and Safety concluded its review of the Surety Reduction Request application submitted to the Division on September 21, 2022, addressing the following:

A request for a reduction of the Bond amount based on the reclamation work being done. All areas have been graded, topsoiled and seeded.

The decision reached by the Division is: Approve. In accordance with Rule 4.17.2(5), the Division is required to wait thirty (30) days from this notice to allow for appeal of the Division's decision. Once this period closes, if no appeal is submitted, the Division's decision will be final.

This is a reduction of (\$5,843.00). This decision reduces the amount of the financial warranty, and does not approve any release of reclamation responsibility for the tasks associated with this request.

Please provide a rider to the current Financial Warranty, or submit a new Financial Warranty reflecting this reduction. If you wish to submit a different type of Financial Warranty, please contact our office for the applicable form.
