Dear Ms. McKee,

Attached is a response to comments that you provided to the Division of Reclamation, Mining and Safety regarding Martin Marietta's Home Office Pit application. Let me know if you have any questions.

Thank you,
Pam Hora

RE: State Historic Preservation Office Response to Home Office Mine – File No. M-1977-439,
Martin Marietta Materials, Inc. Amendment Application (AM-4) (HC#48372)

Dear Ms. McKee-Huth:

This letter is in response to History Colorado's comment letter on Martin Marietta's 112c Permit Amendment Application (AM4) for the Home Office Mine, submitted on December 23, 2021, File No. M-1977-439. Below is your comment followed by Martin Marietta's response.

Comment

A search of our database indicates that five historic are located within or adjacent to the permit area (see table below).

Site ID	Assessment	Assessment Date
5LR.863.1	Eligible	5/1994
5LR.789	Officially eligible	12/09/1983
5LR.1829.4	Does not support the eligibility of the entire linear resource	8/23/2013
5LR.1824.1	Not eligible	5/1994
5LR.1813	Not eligible	5/1994
5LR.12398.1	Officially needs data	3/10/2011
5LR.12399.1	Officially needs data	3/10/2011
5LR.750	Not eligible	8/1/1982
5LR.775	Needs Data	8/1/1982

As there are no properties of historical significance included or nominated for inclusion in the state register within the proposed permit area, a finding of no adverse effect is appropriate. As most of Colorado has not been inventoried for cultural resources, our files contain incomplete information. Consequently, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area. The requirements under CRS 24-80 part 13 apply and must be followed if human remains are discovered during ground disturbing activities.

Response

Acknowledged.

Thank you for your consideration. Martin Marietta will contact you if any Cultural Resource Information/Section 106 Compliance should questions arise. If you have any questions or need additional information, please let me know.

Sincerely,

TETRA TECH

Pamela Franch Hora, AICP
