Re: Trapper Mine (Permit No. C1981-010)
Review of August 2022 Discharge Monitoring Reports

Dear Mr. Roberts:

The Division has received and reviewed the August 2022 quarterly monitoring Discharge Monitoring Reports (DMRs), for the Trapper Mine. The DMR's were received by the Division on 29 September 2022 electronically. Thank you for your timely submittal of this information. Trapper submits DMRs to the Division, in accordance with Rule 4.05.13(2)(a)(iii).

Trapper reported the following outfalls discharged:

- No Name Pond #5, NPDS 002

Acute WET testing was also due this month and there was no discharge for 009A, 023A.

The Division does not have any questions, concerns or further comments at this time. If you have any questions or need additional information, please contact me.

Sincerely,

Robin Reilley, M.S. GISP
Environmental Protection Specialist II
